Preface

Rhythms of Reality is my sixth book of poetry. This book contains the poems which are the absolute reflection of our daily life and living. I have used different proverbs and quotes from different famous philosophers as the title of my poems. These poems also show how the daily affairs have been expressed through a poetic form. Moreover, I try to portray the real picture of human life. Above all, this book deals with the life oriented matters. However, I do not follow the traditional style of writing poems. My poems are rather prosaic in style which is totally different from the traditional poems written by Wordsworth, Shelly, Keats or Frost.

While relaxing at night, a lot of ideas and thoughts crowd in my mind. I just try to shape them into poetic forms. I hope and pray that the readers will read my poems and they will get a new addition in the field of writing poetry in English literature.

Acknowledgement

All praises go to the Almighty for His kindness to give me chance to write this sixth book of poetry namely Rhythms of Reality. While writing this book, I came to discover the truth about how a book of poetry becomes one's main point of attraction. I have strong feeling of writing poems and I believe and I feel and realize my power of imagination which helped me to pursue my dreams. I could never have done this work of writing without the faith I have in the Almighty.

Inspiration from my wife Prof. Dr. Eaysmin Ara Lekha, my affectionate boys-Nabid Aziz and Abid Aziz helped me to be a poet. They always motivate as well as encourage me in writing poems. My gratefulness also goes to Prof. Faez M. Serajul Hoque, Adviser of Uttara University for his valuable assistance time to time.

I am grateful to Prof. Haspia Bashirullah, Chairperson of English Department for her immense contribution for reading and editing my poems. Also thanks go to Assistant Research Officer Nishat Alam Dristy and Forkan Ali who were always with me while writing the book of poetry.

Above all, my special thanks go to Mr. Mohammad Rokanazzaman, Asst. Registrar (Research & Publication), Uttara University for editing and reviewing my poems and his overall assistance to help publish the book successfully.

"The wise ones fashioned speech with their thoughts."

Grains can be sifted to the non-solid ones by a sieve.
Wise can fashion their respective speech with an idea.
They can also sift their own speech with their thought.
The wise man can also sift their speech through sieve.
A wise one prefers to fashion his speeches with ideas.
The wise men are well known for their sifting of ideas.
Important message can be served through their ideas.
The fashioned ones sift their speech as grain by a sieve.
Wise one fashioned speech with their ideas by a sieve.
We, the average people, always expect their good idea.

"What We Think, We Become"

Our hopes or aspirations are related to our thinking.

We try to have a particular idea of a particular feel.

What we like to be is well thought that we imagine.

Having a particular idea about someone is thought.

Use of mind to have idea to do anything is thought.

We use minds to form connected ideas or opinions.

We can think about a particular idea for our future.

We like to be someone to keep thinking something.

If I love to have a socio-economic position, I get it.

We should have some natural ability to do anything.

If we step up accurately, we are able to get success.

I am ambitious to get something to fulfill my needs.

It is possible to be wise if we think our lives wisely.

"The Foot Feels the Foot When It Feels the Ground"

We walk at our ways pointing to a fixed target.
Feet are usually considered as human's hauler.
If we go by vehicles, our feet are out of its job.
Without any surface, it is not possible to walk.
For instance, it is impossible to walk in the sky.
We need to make use of our feet on the ground.
To go by car or any other means, we need feet.
Since we are born, we are depended on our feet.
We can feel our lovers, if they walk nearby us.
We feel them even though they are not with us.
We also feel the ground as we walk through it.
Nothing bad can touch us as we go by the way.
Walking is the main media of any travel in life.

"Work Out Your Own Salvation by Not Depending on Others"

Protection is always expected to be safe from harm.
To be safe from harm by enemies is called salvation.
Salve is an action of ointment used to help our skin.
Something that helps to reduce distress is also salve.
A pain is painful to me, the job of which is my own.
Others are less helpful to me as it isn't any problem.
We need to know about the problem and its solution.
Let's do recover it by ourselves as it is simply a joy.
I can't disturb other by asking their help for nothing.
If I fail to recover only then I seek others' assistance.
Let us work out for the solution to our own problems.
If we can do it, it does not make a sense to ask others.
Let us find out our problems and solve it by our own.

"Even Death is not to be feared by one who has lived wisely"

Having experience, knowledge or judgment is wise.
We are wise by being informed all about something.
The people who are naturally very wise are wiseacre.
People living wisely are not harmful to other person.
The morality of human being is expected universally.
We believe in some religions and the religious faiths.
Wisely living in any society is really good for people.
Wise men are not harmful to any other human beings.
Wise men have name and fame universally in society.
Wise men are not scared of their life in the next world.
Because they do not have a guilty feel about their life.
Wiseman is found to be best about anything to happen.
Even, the death doesn't create a fear as he lived wisely.

"Better than a Thousand Hollow Words is One Word That Brings Peace"

There are many words available in languages.

A word can be of many kinds with meaning.

Each hollow word does not bring good news.

We give dam to it if they don't have meaning.

We like to have peace by having a better life.

There are a lot of words to increase happiness.

Nobody can really work for us to make happy.

We do not require so many things to be happy.

Life is not worthy as it does not bring a peace.

We have to be careful to search the happiness.

We are trying to make us happy by our efforts.

Let's stay away from that are very far from us.

It is the better word that always brings a peace.

"Controversy is a Negative Term"

Controversy makes us difficult to take decisions.
Controversy makes us different from each other.
We can end controversy by taking final decision.
What we find in a controversy is a kind of anger.
We can't continue to search for the truth anyway.
If we can't take any decision, we are just undone.
In controversy, we feel anger and strive for truth.
We forget the reason of controversy due to anger.
But, we must not forget about our purpose in life.
In controversy, we change the reason for striving.
As a result, we do get ceased striving for the truth.
So, we get back and begun striving heart and soul.

"The Only Real Failure in Life is not to be True to the Best One Knows"

The real success in life is to learn the truth.

We learn about life in accordance to needs.

Real is defined as an accurate thing in life.

To be truth in a life requires us to be loved.

To be truth to the best can bring happiness.

Come true is the case as might be required.

Out of true doesn't mean positive character.

To earn success, we must be truthful in life.

It is hard to be close to the truth as we wish.

We always try our best to be truthful in life.

So, let's get rid of the failure by being true.

The balanced way is to be close to the truth.

“When One has the Feeling of Dislike for Evil”

We have the feeling of dislike for any evil.

We do always feel tranquil by being calm.

We feel tranquility if we are not disturbed.

We love to find pleasure in good teaching.

We are expected to have the above feeling.

As one has the feeling, one is free to learn.

To be a good man, men have to be honest.

I do not like to involve in any disturbance.

We require patience to learn by the teacher.

Listening to teacher attentively is learning.

Good teachers are not frequently available.

It is an opportunity to have a good teacher.

If we commit a crime, we are treated badly.

Society loves to see us very calm and quiet.

People don't want to respect the cruel ones.

Let the people feel that we are not harmful.

If we respect the others, we are free of fear.

"Hatred Does not Cease Easily by Hatred, But Only by Love"

You do not extinguish living fire by another fire.
To get out of living fire, you need a lot of water.
If somebody hates, you can't stop them by hate.
Let's love those who hate me to win their hearts.
We should receive an enemy relatively cordially.
Love an enemy to make him positive about you.
Love is the best thing to make enemies as friend.
As somebody attempts to kick you, you love him.
If you can continue the above, you are successful.
Above is the best way to treat the enemy as friends.
You should try to treat friends and enemy equally.
So, let us take the eternal rule not to hate anybody.
Hatred does not cease by hatred, but only by love.

"I Never See What has been Done; I Only See What Remains to be Done"

A person can be very ambitious in doing things.
We can see a lot of natural assets to well utilize.
By using the resource, we can do a lot of things.
We can do a lot with the resources that we have.
What is done is a little to make use of it in a life.
Many important things have to be done in a life.
Our job is to make utilize the resources properly.
We need assets with both in quality and quantity.
As the proverb, we don't see what has been done.
It is too tiny to believe that we have done things.
We do obtain the benefit out of natural resources.
Let us put an afford to use the quality resources.
So, what we have are done or required to be done.

“Those Who are Free of Resentful Thought Surely Find Peace”

Resentful thought is something bitter or unfair.

Resent refers to the bitter or something painful.

We do feel bitter towards someone is resentful.

Resentment is also a bitter or unjust treatment.

Resent is defined as the selected person to rule.

Resent is negative in which none can be happy.

People love to look for happiness to get peace.

Some remains unhappy with an unfair thought.

We try to get peace as well as happiness in life.

We have to be free of unfair ideas to find peace.

We try best to remain free of resentful thoughts.

"Virtue is persecuted more by the wicked than it is loved by the good."

Virtue refers to a high moral standard of life.

The virtuous are those who have faith in God.

The virtuous one prefers to lead a decent life.

Virtuous are also liked by the other in society.

The virtuous are highly skilled in any activity.

The virtue always refers to a good personality.

Those people who are virtuous get favor by all.

Virtue is also the personal quality of virginity.

Virtuosic, virtuosity and virtuoso is Adjective.

Virtuous circle is an event leads one to others.

It is increasing the favorable effect to the next.

“Education Industry”

Education relates to industrial relation to get its output.
Every investor knows the demand and supply relations.
The domestic or global market has to be well analyzed.
The investor needs to analyze markets before they start.
Workers protest the rules specially by striking any way.
If the leaders are educated, their claims will be rational.
Thus, education itself requires its equitable distribution.
Well pay or congenial environment is industrial growth.
The workers are expected to be industrially industrious.
Knowledge and experience may strengthen the strength.
Relation of managements and workers has to be strong.
With education, social manufacturing system is needed.
Industry concerns about the processing of raw materials.
It also ensures for the production of goods and services.
Above process is enhanced by the education and training.
It is hard to differentiate between education and industry.
So, education and industry cannot go without each other.

"Foolish People are Idle, Wise People are Diligent"

Lazy persons are the same as those who avoid work.
Someone is idle who have not been working timely.
Someone may have no effect though they are smart.
We spend hours by not doing fruitful anything at all.
If I do an important thing, people will recognize me.
Let's work hard or contribute to others before death.
By good contributions, we will remain alive forever.
To be idle is a short road to death that is not desired.
The foolish people are responsible for their stupidity.
Wiseman is assumed to show education or judgment.
Diligent men are careful in timely carrying out a job.
Without being wise, we can't survive among people.

"It is a Man's Own Mind Not His Enemy That Lure Him to Evil Ways"

Enemy is opponent as well as somebody harmful.

Nobody inspires us to do evil things but we do it.

An enemy has a kind of bad habit to lure the other.

It is me who is responsible for how I commit evil.

If I am bad, I don't have an excuse to blame other.

If I am strong to do hurt others, I will save myself.

We become offensive due to our enough stupidity.

If I am strong, I must know how to protect myself.

Our enemies don't have strength to hurt the others.

It is our mind to engage in doing the evil for other.

I am adult enough to understand the good and bad.

If I do commit to do any bad, I will be responsible.

It is mind not the enemy that lures you to evil jobs.

"Let's Follow the Holy Words"

Holy refers to dedication to God as the religious person.

We are advised to be morally good by a few holy words.

By discussion, we can learn a lot about the holy words.

Men learn many things which don't mean to apply at all.

Men learn by reading or listening a lot than they follow.

We speak and teach others to be a good man as possible.

We give lessons to other, but we don't follow ourselves.

So, we don't expect about how the others will follow us.

Simply a reading will not work if we do not follow them.

We have to have the belief in God and in religion for us.

As we think naturally, we tend to believe in holy words.

Many holy words we do read are not followed by many.

“He Who Envyies others doesn’t Obtain Peace of Mind”

We may obtain a success which needs not to overrate.
You are assumed to earn the success one after another.
Keep adding your success to your stock continuously.
As I do overrate myself, people will be envious to me.
If some overrates him, it is not our job to envy of him.
We are envious of other’s possession, quality or luck.
We don’t have to be envious of a man which isn’t fair.
If some overrates his status, the other will feel jealous.
Others will begin to quit him without any notification.
Affected person does not have enough friends to enjoy.
He remains alone as a result of his habit of over-rating.
On the other hand, nobody wants to suffer in their life.
People are less interested to invite in a social gathering.
By being envious, we lose friends by leaving us alone.
If it happens, envious people will not get piece in mind.
So, let’s not overrate us for an acquisition to lose peace.

"Whatever Words We Utter should be Chosen With Care"

Utter is the act of saying something to make a sense.
Action of uttering is defined as its noun is utterance.
We cannot utter any word without thinking of other.
We are careful in any saying so as not to hurt others.
Influence is a power to have an effect on one's belief.
There are many people having the power and ability.
As we are affected, we may not be able to defend us.
If we utter nicely, we are reacted by positive manner.
So, let us not say anything for which we are affected.
Saying can't be offensive anyway to create a problem.
So, we have to be strong enough to defend ourselves.
It isn't our job to hurt the other by controlling tongue.
Thus, let us not utter carelessly so as not to hurt others.

"Without Health Life is Not a Life"

Healthy means we are good physically and mentally.
Every elderly people want to survive for any further.
Everybody doesn't want to see them in a grave yard.
It is good to quit the world than leading an awful life.
If we aren't healthy enough, we do not enjoy our life.
Being less healthy, we cannot do anything for others.
We can't add anything to the economic development.
If I am unable to do anything, no one will be with me.
So, if I am not healthy, pretty girl will not look at me.
Our life is composed of health, wealth and education.
Life is a condition that distinguishes animal and plant.
Health is the part and parcel of life in absence of death.

"It is better to Travel well Than to Arrive"

Going from one place to another is travelling.

Going to a long road can be counted as travel.

Let us make a particular direction for a travel.

As a traveler, we remain good after a journey.

A travel agency always thinks for the traveler.

A person who likes to travel is called travelers.

By traveling, we do learn and earn knowledge.

Travel helps us to enjoy life or gain knowledge.

The action of arriving is not better than a travel.

In an act of arriving, we can reach a conclusion.

By arriving at home, it is no good to end travel.

So, it is better to travel well than to arrive soon.

“With Our Thought We Make the World”

To think is an opinion, belief or ideas about something.

With our mind, we can connect ideas about something.

Let's think of taking something into our consideration.

Let us consider the possibility of doing anything alone.

Let us call someone as an important fact to think about.

Let us consider something very carefully before we act.

Let's consider something carefully before going ahead.

A person's ideas using thought or judgment is thinking.

Some experts providing advice and ideas are think-tank.

According to the above, we do precisely what we think.

We don't have any limit to think that we cannot change.

Thoughts and ideas are sometimes limited by the nature.

Subject to our limitation, we tend to stay with our ideas.

By our thoughts, we can make the world what we want.

“To Lead a Decent Life, One Must Count Nothing as one’s Own”

Men are selfish by born for many obvious reasons.
We love to have more to satisfy our selfish nature.
A rational one always expects the basic necessities.
The cultural activity is a new addition to the above.
Meet one’s need at the expense of others is selfish.
Self-less life is concerned more with others’ needs.
Self-less life is more interested for the other to do.
The self-love is a concern for one’s own well-being.
Hunting so much is thought to be very bad anyway.
It is impossible to think that we can live a pure life.
Most of the countries are getting affluent plentifully.
It is natural that we do share the abundance sensibly.
To rationally lead a pure life we need to be unselfish.

"Peace Comes From Within: Don't seek it Outside"

Freedom from noise is normally termed as a peace.

Let's be free from anxiety from disturbing is peace.

Let us try to be free from any conflict is also peace.

The peace comes within a particular thing or object.

Peace depends on mind; it does not come from long.

Peace does not always come from within internally.

We cannot make peace by using the supreme power.

Peace is nothing but the tranquil condition of minds.

Don't seek peace outside rather seek it in your mind.

Let us find the best possible way to get peace in life.

We have to seek peace from a place we stay or work.

Peace is likely to come within, not anything outside.

"You will be Punished by Your Anger"

Anger is a strong feeling of extreme displeasure.

If we are displeased with anything we get angry.

A few people are found to be in a state of anger.

Anger is not the equal intense among the people.

The people are not equal in digesting tolerance.

We might be punished for anger if we misuse it.

If I get made at anyone, I can't utilize my talent.

If I am able to manage anger, I have no problem.

If I am getting angry, I won't be free of problem.

If we are sick, we can be angry and get punished.

If we make no contribution, we will be punished.

So, let's go or work together to control our anger.

"Anybody can Deserve Your Love and Affection"

We are living beings including plants and animals.

As a rational being, we have to take care of others.

We have to love people around the entire universe.

We do not need more to meet our basic necessities.

Love and affection aren't the non-material version.

We have to help the others to meet the basic needs.

Let's not make a difference between human beings.

We are selfish by born to do anything for ourselves.

We have a great interest in well beings of the others.

It is fine to think of others' problems and prospects.

A feeling of love helps us to think about the others.

Let's develop the economy and alleviate the poverty.

"Man Cannot Live Without Spiritual Power"

Candle is a stick with a control which is lit to produce light.
Candle light provides a dim light which meets our purposes.
Candle is lit to produce light as it burns is called candlelight.
Candle stick is a support for a candle holding candle powers.
A spiritual fire can't be compared with those of burning fire.
Spirituality relates to the human spirit as opposed to material.
Spiritual is something which we relate to the religious belief.
Spiritual fire is very important for us to earn success in a life.
We are spiritual means that we are doing everything morally.
Keep doing things of moral value are effectively living long.
We love to live long with or without spiritual fire in our life.
In reality, it is the spirit with which we do live or live longer.
If we lack courage, we are negatively defined as spiritless.

"Aphorism is a Short Clever Phrase"

Aphorism is defined by a few short clever phrases.

Aphorism is a brief description as found in reality.

If you fire a candle, you will get a fire around you.

Men and spiritual life are positively related in life.

Men or spiritual life is not thought without others.

Phrases are much convincing as it relates to a life.

Relation between cause and effect is much logical.

Without logical cause, you can't find desired effect.

Angry person does not know what to do now and later.

Angry ones may be too angry to do anything logically.

Some actions may well lead them to the desired places.

Once you are angry, you will lose your game in reality.

You do easily burn yourself if you try to burn the other.

Angry means you are burned by yourself like a hot coal.

Once you are too angry, your mind does not work well.

If you try to beat the others, you will, in turn, be beaten.

Remaining thoughtfully cool, you win the games in life.

“It is Better to Conquer by Ourselves”

Self-help is the best help as it is a help by ourselves.
To win battle has no meaning if I do not have a part.
It is better to conquer a battle by us than a thousand.
Fighting for the other instead of me makes no sense.
Sense of distinguishing right or wrong is conscience.
We are conscious to see anything if it is good or bad.
It does not make any sense as we fight for the others.
To conquer a country by military force isn't personal.
It is our personal benefit if we do overcome problem.
Some victories in life cannot be taken away from us.
Any victory by us cannot be taken from us forcefully.
The victory will not be taken away from me any way.

"Let's Minimize Mistakes"

We make mistakes by doing anything less than correct.

We often make a mistake or error in making judgment.

We can be wrong in making any mistake instinctively.

We do make mistake by being unfortunately confused.

We are also wrong in one's opinion about something.

A lot of mistakes get committed based on the injustice.

In the above, we make mistakes along the road to truth.

Along the road, we aren't going all the way is a mistake.

By not getting started along the road is another mistake.

If we plan to go the way, we may not make the mistake.

Our aim is to get out of the way by not making mistake.

If I don't go to the way, how I know about my mistakes.

If we do not start working, we do not know the mistake.

So, let's start with our mission to minimize the mistake.

"The Mind is everything what you think you Become"

The mind is everything relative to any individual.
By a sincere thinking, we can conquer the world.
A person's faculty of consciousness is our minds.
The distress has been controlled by human mind.
If I am anxious about a thing, mind will respond.
Taking care of someone to do something is mind.
The mind is well associated with every little thing.
Important thing is that money can't be everything.
The human and their minds lie almost everywhere.
Our body and mind can't be thought as associated.
It is the mind which is found very important in life.

Man must be healthy to bring happiness in life.
To bring peace in the life, self control is a must.
We all are accompanied by good or bad nature.
We try to stay away from doing something bad.
It is hard to keep ourselves free from animalism.
We have to give up bad and keep up good ones.
We like to eliminate the bad thoughts and ideas.
To bring happiness, we need to control our mind.
Our wisdom and quality will logically follow us.

“Thousands of Candles can be lightened from a Single Candle”

Candles are made by a stick with a centrally fixed wick.
We use the candle for fire, which is lit to produce light.
Illuminating power of a lighting source is candle power.
Thousands of candles are safely lighted from one candle.
We can't use the source of fire to stop the undesired fire.
We cannot use living fire to kill or stop other living fire.
Creating the extra conflict can never be a helpful source.
Human are different from animals as we help each other.
As I help other people, their happiness will be increasing.
World is very fine with its natural resources and beauties.
A recent technical innovation has steadily been growing.
The per capita technology has steadily been increasing.
Happiness is not decreasing as we work hard and share it.
Let's sincerely benefit by sharing the available happiness.

"We are shaped by our thoughts"

We are shaped by our thoughts and ideas as perceived.

We like to be something in most cases, what we think.

We owe to the nature for all kinds of happiness in life.

Children think about their parents' ideas and thoughts.

Children also inherit some thoughts from their parents.

We are shaped by our thoughts inherited from parents.

Something is added to our characteristics that we think.

We know what kinds of benefit we receive from others.

If benefits are taken from others, happiness follows me.

It is just an opposite view that I can see it in his shadow.

It is positive to see a shadow of recipient following us.

We are shaped by thoughts in becoming what we think.

Negative ideas can't take place in a mind if it is sincere.

The mind of a sick one does not do any qualified job.
It means I have to be healthy physically or mentally.
To be healthy, health is actually a good precondition.
Our aim in getting born becomes meaningless for us.
It may be a matter of shame to depend on the others.
Let us be healthy to keep our minds strong and clear.

Three things aren't kept hidden, the sun, moon and truth.

The meaning of the above things is too much to explain.

Nothing can't be kept hidden for a long time in our life.

The sun and the moon are created or operated by nature.

Let us help somebody to end the disease or help solve it.
